

## MODERN FILM & OLD TESTAMENT STORY COMPARISON

## RELIGION THROUGH THE ARTS

Your task is to choose an Old Testament story and then select a modern film that shares similar elements to it. You want to look for similarities in theme, motifs, symbolism or even plot points.

le: **David & Goliath** compared with **Lord of the Rings** – Frodo and David are small in stature yet have to face an enormous adversary; David leads a great army and becomes king while Frodo also leads his fellow hobbits (and others) against the forces of Sauron and upon his defeat, Frodo gains recognition from all the kings in the realms.

You are to present your work in a final power point that will be uploaded to your portfolio for evaluation. The power point should consist of FIVE slides:

1. Title slide including your name
2. Old Testament story & Film chosen to compare
3. Similarity 1
4. Similarity 2
5. Similarity 3

\*\*\*\* Please be prepared to discuss your findings with the class upon your return.
